Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Confirmed that although the reissue rules are different than that for regular applications, nevertheless the amendment appears to be improper at least because it improperly labels some claims as "thrice amended" or "four times amended" where those claims should have been "twice amended" This may have arisen from the amendment improperly counting proposed amendments as bonafide. Also confirmed that earlier amendments appear improper for similar reasons under the reissue rules.
